

## Sen. Madaleno and Del. Waldstreicher save our streets

Recently, the Maryland State Highway Administration drew new lane lines near the Georgia Avenue underpass at the Beltway. These new lanes have led to confusion, traffic backups, and many near-accidents.

The Forest Estates community spoke up, and several citizens wrote letters to our representatives in Annapolis asking for help. In a matter of hours, State Senator Richard Madaleno and Delegate Jeff Waldstreicher responded to our call for help by contacting SHA and demanding answers.

SHA has responded by saying that the lanes will be redrawn to their original state. You may view Jeff Waldstreicher's letter [here](#).
