

Response from Robin Ficker

Robin Ficker, candidate for County Executive
In favor of tunnel

"A walk across Georgia Ave at Forest Glen is risking death needlessly. I shall have that tunnel dug as soon as possible after the election. Also, I'd like to investigate possible drop-off areas at the side of the Beltway so that people can be dropped off at the new walkway to the Metro without the cars leaving the Beltway. I accept no contributions from developers. Citizens come first!"
